You can participate!

Participate in the Los Angeles Unified School District (LAUSD) redistricting and give your child a chance to a better future. District lines influence the leadership and resources schools receive. School Board Members make important decisions on teacher salaries; textbooks for classrooms; and school maintenance that provides a healthy learning environment. You can participate in redistricting and help shape new district lines that will ensure your child has access to all of these resources.

You are the expert of your community.

The LAUSD Redistricting Commission wants to hear from you!

Anyone and everyone can participate!

- You can participate in the redistricting process if you live within the LAUSD boundaries.
- You can participate regardless of your immigration status.
- You can participate in your language, language assistance is provided.
- All you have to do is attend a hearing and you can be a voice for your community!
