## JOIN US ON TUESDAY, OCTOBER 26

Since 2001, the NALEO Education Leadership Initiative (NELI) has provided leadership training on education to over 2,000 Latino policymakers. As we move forward, the NALEO Educational Fund sees New York's education policymakers as a critical part of the solution in order to ensure the success of our students, families and community.

We'd like to hear first hand from you and New York's leadership as to how we can help better serve you and the needs of your constituents. Join NALEO Executive Director Arturo Vargas and Central University of New York (CUNY) for this important and timely discussion.
